Bluesky Health Limited is a specialized diagnostic & medical consultancy center for radiology and pathology services with personalized care for all patients.

Overview

Bluesky believes that healthcare is the fundamental human right irrespective of socio-economic background. We are committed to deliver quality-driven diagnostic services at a much affordable cost to our valuable patients - **service is our topmost priority!**

World Class Services

Bluesky is the country expert of C.T. Scan, MRI, DNA Test, RTPCR, and Core Biopsy Tests. For the first time in Bangladesh, we are expanding our operations to introduce a complete DNA solution package to our patients. Besides, our pathological tests are done under controlled environment with exceptional care. We have modeled our operation focusing on patient-centric optimization. Leveraging its vast medical expertise & technological advantage, **Bluesky** is consistently delivering best in class clinical outcomes and introducing groundbreaking healthcare technologies in Bangladesh. The reputation of **Bluesky** is the result of quality clinical outcome and comprehensive care, made achievable through world class integrated healthcare facilities by highly trained professionals.

Managing Director

Bluesky is your diagnostic center. As a Bangladeshi, I felt a dire urge to establish a one stop diagnostic services for middle income individuals where they can expect quality services at a much affordable price.

- **Mohammad Habibur Rahman**

I have been serving the healthcare industry of Bangladesh for more than 25 years. Since the beginning of my career, I always felt that I am in the mission of changing the broken healthcare landscape of Bangladesh. **Bluesky** is our venture to introduce a quality medical service to fellow Bangladeshi people who often get victimized by unethical malpractices in the healthcare industry.

We have specialized in Cancer diagnosis and consultancy services. **Bluesky's** CT guided core biopsy cancer diagnosis is one of the finest facilities all around the world. Besides, we have introduced the best diagnostic machineries and radiologists in Bangladesh who are relentlessly striving for delicacy so that everyone can have access to convenient, affordable, and high-quality care.

We are on a mission to modify traditional diagnostic services. As a patient centric organization, we want to make sure that every visit to our premises brings a delightful experience to respected stakeholders of Bluesky Health Limited!

Advanced technology, soothing ambiance, and state-of-the-art hygiene: those are the **three pillars** of **Bluesky's** success. With an aim to become a national & global network, we are working on automated systems by utilizing technology to achieve accuracy, efficiency, timely reporting, and effective customer service.

Our Values

Our journey began with a dream to provide quality diagnostic services and reliable reports at affordable prices to the common man across Bangladesh. We recognize that we are here to serve others, and the best way to serve is through understanding our patient's needs and holding ourselves accountable to satisfying those needs with compassion and excellence. Quality, affordability, timeliness, and efficiency drive our core values.
